The Night is near to the Dawning.

#### Our New Star Headquarters

2022 Vista del Mar Avenue, Hollywood, Calif. As the last issue of *The Server* was going to press, we had just time to insert a brief note informing our members that we had at last found a small house in Hollywood suitable for a National Star Headquarters and that we were to move into it at once to be settled for the new year. That move has now been successfully accomplished, many difficulties having removed themselves in astonishing ways to make it possible, and we hope we are now well started in the right direction.

The house we have taken entirely for the work of the Order is a small but attractive one of four rooms in a bungalow court immediately below the Theosophical Publishing House, and while not in the actual business district where rents are for the present entirely out of the question for us, the house is in a good location, accessible to our members and the public. Star officers generally agreed that next to having a shop in the business district, which is impossible for the present, the best scheme was to have a house of our own where we can work independently and carry out the longed-for plan of assembling all our Departments under one roof. The opportunity to carry out this idea came, and we took it!

The front room of our house forms a very attractive book room where supplies are for sale or where visitors may sit down and read. Here our Publicity Secretary presides over her field of labor, selling books and becoming a mine of information! The adjoining dining room becomes the den of Mrs. Purman for her office files and correspondence, while the two rooms may be used together when needed for a small meeting. The bedroom at the back is rented to a member of the Order and we had the good fortune to be just in time to receive the loan of the furniture and books of Mr. and Mrs. Hanchett, which adds greatly to the convenience and appearance of the house.

The Hollywood Center meets at the Star house and contributes towards the rent, so that by this arrangement, aided by the renting of the bedroom, the Order has really no more overhead expense than last year, with the added convenience of having our shop or propaganda room of the Publicity Department and our General Office, as well as the Hollywood Center, all together and conveniently open to the public, which arrangement saves much time, confusion and passing back and forth of supplies and communications. To be sure, we hope to outgrow this house presently, but, if we do, its success will pave the way to a bigger venture, and so it may be that the difficulties which caused these quick changes and forced our Publicity Department away from Krotona may result after all in a far better arrangement for the Star work than we would otherwise have secured for some time.

As to financing this home of the Star, our Shop fund, which we have been gathering for the past two years against the time when we should find a possible location

for Headquarters, enabled us to make this start, although we hope to make the house self-supporting month by month, so that our Shop fund may be expended in books and stock instead of in the upkeep of the house. The house costs us \$60 per month, unfurnished, exclusive of gas and electricity. We had ample furniture, some remaining over from the former rooms in the Brack Shops and the rest loaned by members, and we rent the bedroom, furnished, with kitchen privileges, for \$30 per month; Hollywood Center contributed \$5 per month, leaving a little more than \$25 monthly which must be raised by sales and donations. We are therefore in position to ask our members' help, donations and patronage to make this new home of ours an ever growing success.

## \* \* \* \* New Year Work for Star Centers

We want to use a little space early in the year to wish our Star members renewed inspiration and determination in the service of the Master for the coming twelve months, and to offer them a few suggestions about organizing their Star activities. The outlook for the year is very encouraging because there really is so much to be done! Our Head is at the helm of our Order, giving many useful suggestions through *The Herald*. Plans of work are being outlined for each Center, for each member, each temperament, with enthusiastic officers to head each department, eager to aid their brother members. So let us get to work, smooth out our little frictions and difficulties and press forward with irresistible energy.

First of all, we want to urge members, and especially officers, to form the habit of looking for information each month in *The Server* instead of expecting personal letters of advice, because our Section has now grown to such dimensions that personal correspondence with individual members and officers is next to impossible. A communication through *The Server* can speak to hundreds of members, while a personal letter may inform only a dozen, therefore we must try to answer questions and direct the work through the columns of this little bulletin as much as possible to save both the expense and labor of correspondence and to give all instead of only a few the benefit of whatever information is available.

Study the directory which we print this year, so you will know which officer to refer your difficulty to instead of causing the delay of having your letters forwarded across the Continent. An officer resigning should, if he lives in one of the states in charge of an Organizing Secretary, send his resignation to the Organizing Secretary instead of to the National Representative. Orders for supplies and general business communications should go to the Office Headquarters, 2022 Vista del Mar Avenue, Hollywood. Personal enquiries should be on a separate sheet so that they may be referred to the proper person without delaying the business transaction.

In each well organized Center there should be a member entrusted to look after each Department of work, thus dividing labors as well as providing each member with some duty to fulfill. The member so appointed should keep watch for any notice pertaining to his own Department in *The Server*, or in case of need write for instruction to the head of his Department. In writing to any officer, kindly enclose a stamp for the reply. It means only one stamp to you, whereas many letters a day would mean quite a postage item to the officer in charge of a large Department. And when full directions have once been printed in *The Server*, please do not expect your Star officer to repeat them all in a personal letter afterwards! Be alert and read for yourselves!

In every Center then, the Local Representative might appoint a member to fulfil each of the following offices and duties:

- A. A Herald Business Secretary to solicit and accurately transmit subscriptions to *The Herald* and promote its sale in every way possible.
- B. A Herald Editorial Secretary to solicit good articles and forward them to Mrs. Adney.
- C. A Treasurer for our Head's International Fund to collect donations and send them to Miss Kyle.
- D. A Chairman to organize European Aid, sewing circles, charity work, etc.
- E. Leaders for each of the four Departments recommended by our Head—
  - 1. A Propaganda Secretary to carry out systematic leaflet distribution, advertising, placing literature in libraries, etc. (Consult Miss Hill or her articles in *The Server*.)
  - 2. A meditation group leader. (Consult Mrs. Thomas.)
  - 3. A study leader to co-operate with the subjects recommended by the Council of Service, or several study leaders for the different topics dealt with by the Council.
  - 4. A Secretary to encourage and enroll the members of the "Self-Preparation Group" and report to Mrs. Dobbins. (See December, 1921, Server.)
- F. In addition there are usually members needed for special committees, social music, flowers, librarian, etc.

The Local Representative should be the general supervisor of all these departments, while the Local Secretary assists as much as possible, and the latter is also the Treasurer, keeper of records, etc., for the Center as a whole.

urer, keeper of records, etc., for the Center as a whole.

A few words as to how these Departments might be co-ordinated. There is undoubtedly some overlapping in which the different Departments must work out a scheme of co-operation. It is not necessary that each Department have a separate meeting for its work. A short meditation group might usefully precede each Star meeting, but the meeting itself might be divided into periods each devoted to a special Department. There might be a business period, then study or discussion periods, and, if there are not enough members to form weekly classes for the different Departments of the Council of Service, the members might for instance study the Health and Healing topics one week, the Art topics another week, etc., and so on until all have been covered.

#### New Year Work for Isolated Members

Many of the Departments now being organized need the help of the isolated members as well as of the Centers. There is always personal propaganda,—loaning books and magazines, writing press articles, etc., that is possible for the one who is quick enough to see opportunities; Mrs. Thomas is outlining simple meditations that might be followed in individual as well as in group meditation; an isolated member could very profitably follow the reading courses and contribute by correspondence to the discussions opened by the Council of Service, whereas the self-preparation group is perhaps more suitable to individual members than to a Center as a whole. Any member who longs to be of service to the Star can surely find a way open to him.

#### Council of Service

DEPARTMENT OF HEALTH AND HEALING,
MRS. MARY MC-FARLAND, COUNCILLOR.
The following questions are prepared in the hope of

stimulating study and discussion. They might be discussed at a Star meeting, some member being appointed to report briefly the gist of the discussion to Mrs. McFarland. Isolated members also are invited to send in brief answers. The questions are not intended to quiz the members in school-teacher fashion, but to draw out ideas that may be useful to pass on to fellow students. The Councillors of these Departments intend to summarize the answers received upon the following and future questions and publish them in future articles in *The Server*:

Questions-

1. What is your standard for a true Healer?

- 2. Who was the Great Healer of the past who gave the knowledge of perfect health?
- 3. When did disease first manifest?

4. What does the New Era call for?

5. What is the coming study all over the world?

6. What should we strive to become?

7. Which should we study first, Health or Healing? Send answer before April 1st to

Mrs. Mary McFarland, Krotona, Hollywood, Calif. Questions next month will be upon Social Reconstruction.

#### Meditation

In order to do effective work as a preparation in the world for the near Advent of its Supreme Teacher we must first train ourselves to qualify for the state of Meditation, which is primarily the ability to focus one's conciousness in one of the sub-planes in which the Ego, or what in Christian parlance is called the Soul, functions, i. e., the individualised divine spark or Higher Self. "The Wisdom which enables you to help, the Will which directs the Wisdom, the Love which inspires the Will." This will entail the control of the three lower vehicles, the conscious quieting of not only the physical form, but also the setting aside, for the time, of the emotional nature, and what is more difficult, the reduction of the activities of the concrete mind, so that it may simply reflect "the pure light of truth which should shine through you as sunshine shines through clear glass." To attain this state means a considerable amount of systematic work which can only be accomplished by degrees, or in different periods of development, the first of which will be educating our ability to pay attention.

I would suggest that the Star and Cross Meditation given out by Mrs. Besant be used at the appointed time, sunrise, noon and sunset, indeed not then alone, but whenever your mind is disengaged from other

activities:

"By the Power that streams through the Star, By the Love that streams through the Cross, May the poor be restrained from violence, May the rich be inspired to sacrifice.

Let Hate be overcome.
Let Love be triumphant.
Come to Thy suffering world,
O Desire of all Nations.
We wait. We watch."\*

Try to visualize, in a certain spot, a star vivified by streams of electric vital force radiating into it from the Source of all Power, the Logos Himself, and radiating from it in streams throughout the surrounding country. Think of a cross beside it permeated by the won-

drous rosy Love that emanates from the Second Aspect of the Logos through the Great Teacher, and let it send out its beautiful beams of Light and Love, inspiring the rich and poor to sacrifice and patience. Make your thought-forms clear, strong and steady, then add with all your power, love and intelligence the knowledge so precious to you that He is Coming!—the Lover of Mankind, the Teacher, the Healer, the Reconstructor and Restorer, the Unifier of God and Man—He for whom all the world is travailing in expectation.

Those who wish to join the Meditation activity should send me their names and addresses. Local Representatives should have sent to me the name and address of the member appointed to lead the meditation work of their Center. To those who write me I will send, either by mail, or through *The Server* from month to month, a graded course in Meditation.

(Mrs.) MARIANNE C. THOMAS, 4719 East Broadway, Long Beach, Calif.

Mrs. Thomas is appointed by the National Representative to head the Meditation Department for the United States Section.

## Miss Kyle Treasurer for Our Head's International Fund

In response to our Head's request in the December Herald for treasurers to collect and forward in each country donations to the International Fund, Miss May Kyle is appointed Treasurer for that purpose in the U. S. A. This fund is to be used at our Head's discretion for international needs such as Headquarters building, travelling lecturers, weak Sections, etc. It is hoped that each member and Center can spare some gift or gifts for this fund during the year. Miss Kyle will forward donations at intervals to the central Treasurer in Paris. Send donations to Miss May Kyle, 2542 Chilton Way, Berkeley, Calif.

#### **Animal Protection**

An Animal Protection Department of the Order of the Star in the East has been formed under the Council of Service, with Mrs. Emilie C. Sharpe, 1214 West Monroe Street, Chicago, Ill., as Councillor. This Department is affiliating with the International Star Group for Animal Protection which has been formed in Paris by Mrs. Maugham and which is mentioned in the November and December Editorial Notes of *The Herald*. Members interested in this work should refer to those Editorial Notes and then get in touch with Mrs. Sharpe.

#### **Publicity Department**

The Publicity Department has a large number of back copies of various months of *The Herald of the Star* and is desirous of knowing members wishing any for distribution among inmates of hospitals, prisons or like institutions where their allotment is likely to be as advantageous as possible. If, therefore, you will send to this Department details as to the number wished, enclosing merely the cost of postage, your order will receive immediate attention. Address: Order of the Star in the East, Publicity Dept., 2022 Vista del Mar Avenue, Hollywood, Calif.

#### Lecture Bureau

The following list of lectures may now be obtained from the Publicity Department under the following rules:

<sup>\*</sup>Copies of this Star and Cross Meditation on postcards may be had from Star Headquarters. Price, 2 for 5c; 25c per dozen.

- 1. A fee of 25 cents to cover cost of preparing lectures and postage on same must accompany the application for its use.
- 2. The lecture is loaned for a period of one month only and must then be returned to the Bureau.
- 3. Each borrower would greatly aid the Bureau if he would return with the original lecture a typed copy of it as well, so that the wear of the manuscripts may be constantly replaced and additional copies made available.

#### Notes on the Financial Statement

Even with the most economical management our disbursements have exceeded our income this year. We had the costly misfortune of having to move our office stock three times during the year owing to inadequate quarters, and to buy a new typewriter to replace our outworn one, all unavoidable expenses. We wish our Local Centers would realize their responsibility to help our office bear such burdens. If only each Local Center would contribute \$1.00 monthly to Headquarters, the office management would be so greatly helped.

The apparent discrepancy in the Herald account is that 10 per cent discount is allowed our office on subscriptions, also that some accounts run over between December and January.
